

Campus Climate Open Forum

Brown-bag

The University of California, Davis, scored highmarks in a recent systemwide survey meant to gauge campus climate across the UC System.

Feedback:

- Comments
- Concerns

Priorities:

- Immediate
- Short-term
- Long-term

Next Steps?

Perceptions of Campus Climate

80 percent of respondents said they were “comfortable” or “very comfortable” with the campus climate at UC Davis (13 percent responded “neither comfortable nor uncomfortable,” and 7 percent responded “uncomfortable” or “very uncomfortable”).

Classroom Climate

76 percent of undergraduate students, 82 percent of graduate/professional students and 89 percent of faculty and postdoctoral students were “comfortable” or “very comfortable” with the climate in their classes.

Opportunities for Improvement

Some members of the community experience exclusionary conduct: 24 percent of respondents believed that they had personally experienced exclusionary, intimidating, offensive and/or hostile conduct; 8 percent of respondents indicated that the conduct interfered with their ability to work or learn.
